PROFESSIONAL EXPERIENCE

Heavenly Hair

Marketing Operations & Paid Media Specialist

Dublin, Ireland (Remote) | May 2025 – Present

- Led full-funnel paid media planning and execution across Google Ads (Search, Performance Max), Meta Ads (Facebook & Instagram), and LinkedIn Ads across four revenue streams — e-commerce, salon services, academy training, and B2B programs — aligning global and local paid media with commercial goals via structured budget plans per campaign, channel, and week.
- Drove 27% traffic growth and EUR 1,200+ revenue uplift through Meta Ads A/B testing, Google campaign optimisation, and systematic KPI tracking; owned performance reporting with weekly narrative storytelling across UK and Ireland markets.
- Generated 85 qualified leads at EUR 18 average CAC for Academy and B2B Stockist programs via targeted Google Search and Meta retargeting workflows; built high-intent funnel architecture from audience segmentation through to conversion and CRM handoff.
- Improved ROAS from 2.8x to 4.1x on premium product campaigns (EUR 69–195) through continuous creative iteration, negative keyword hygiene, bid strategy refinement, and conversion rate optimisation sustained across UK and Ireland markets.

Tech Mahindra

Senior Analyst — Campaign Operations & Amazon Ads

Bengaluru, India (On-site) | Aug 2024 – Mar 2025

- Managed paid media campaign operations for 108 Amazon sellers across softline verticals on an INR 70–80 lacs monthly media budget; owned the full campaign lifecycle from media strategy, keyword research, and ad setup through bid optimisation, creative testing, and structured stakeholder reporting.
- Delivered 35% average ROI increase through data-driven keyword optimisation, automated bid strategy frameworks, and A/B testing; drove 20% conversion rate improvement through targeted creative rotation and audience refinements — tracking performance consistently against ROAS, ACOS, and CPL benchmarks.
- Coordinated a 40% Republic Day campaign sales spike alongside an 18% ACOS reduction through real-time budget reallocation; managed individual seller accounts achieving ROAS of up to 6.4x and ad revenue of ₹220.96K within a 23-day reporting window across the portfolio.
- Drove merchant onboarding pipeline pushing 1,519 AMR registrations with 499 confirmations (32.9% acceptance rate); maintained 85.94% journey plan completion rate across weekly reach-out targets and ranked 2nd floor-wide in Amazon AI certification across a 19-analyst cohort.

No Hurt No Harm

Paid Media & Marketing Operations Specialist

Dublin, Ireland (Remote) | Jul 2021 – Jul 2024

- Owned end-to-end paid media operations independently for UK and Ireland — Google Ads, Meta Ads (Facebook & Instagram), Amazon Ads, and Amazon DSP — managing strategy, campaign setup, audience segmentation, budget governance, attribution reporting, and monthly stakeholder reviews without external agency support.
- Improved ACOS from 25% to 18% and ROAS from 4.0x to 5.5x over a 12-month optimisation cycle through disciplined data governance, iterative campaign testing, Pixel/CAPI tracking hygiene, and systematic channel refinement across peak and off-peak demand cycles.
- Drove 28% repeat purchase growth via Amazon DSP re-engagement workflows; expanded UK organic supplements market share by 15%; achieved 95% page-1 keyword rankings through integrated paid and organic operations with GA4-backed attribution modelling ensuring accurate ROI reporting.
- Built and managed structured lead-acquisition funnels using Meta Lead Ads and Google Search retargeting; tracked all leads through a custom performance dashboard aligned to CAC, CPL, and conversion rate KPIs — enabling hypothesis-led testing and weekly documented iteration cycles.

Heavenly Hair

SEO & Paid Media Operations Specialist

Dublin, Ireland (Remote) | Aug 2020 – Jun 2021

- Built and launched Google Ads Search and Shopping campaigns from scratch — managing keyword research, ad copy development, bid strategy, audience segmentation, and creative A/B testing for brand awareness and direct lead acquisition across UK and Ireland salon and academy audiences.

- Developed and maintained the brand's WordPress website end-to-end — handling on-page SEO, product page copywriting, content publishing workflows, site speed optimisation, and Core Web Vitals improvements to strengthen organic performance and support paid campaign landing page quality scores.
- Managed Google My Business and multi-platform local directory listings — ensuring consistent NAP (Name, Address, Phone) data, responding to reviews, and optimising listing attributes to improve local search visibility and drive measurable salon foot traffic across Dublin locations.
- Improved organic search exposure by 27% through technical SEO using SEMrush and Moz — executing site audits, fixing crawl errors, building internal linking structures, and optimising metadata — while enhancing landing page UX/UI to strengthen conversion rates and attribution accuracy across paid and organic traffic sources.

Independent Paid Media Consultant

Paid Media & Campaign Operations Specialist

Remote · Fiverr / Upwork / Direct Clients | 2018 – 2020

- Delivered end-to-end Google Ads and Meta Ads (Facebook & Instagram) campaign operations to 300+ clients globally; maintained a 4.9-star rating across campaign setup, keyword optimisation, audience segmentation, bid management, creative testing, and structured performance reporting cycles.
- Designed and activated full-funnel lead generation campaigns for Five Star's Cleaning Services (five-starcleaningservices.ie) — structuring geo-targeted Google Ads campaigns per service vertical (builders, domestic, commercial) with dedicated landing pages, automated retargeting, and CPL tracking aligned to client revenue targets.
- Managed ROI-focused paid media execution across e-commerce and DTC verticals; independently designed high-CTR promotional assets, briefed copy variants, and implemented data-driven audience acquisition strategies for an international portfolio spanning beauty, services, and health categories.
- Sustained 4.8-star reputation management on Bark.com for managed clients; built iterative ad creative testing frameworks that reduced cost-per-lead across 50+ campaign accounts — combining audience insight, copy variation, and landing page CRO to consistently hit or exceed client ROAS and CPL benchmarks.
